

## Password Reset Procedure for LAQUA 1000 Series Bench Meters

If you've forgotten the password for your PH1100, PH1200, PH1300, EC1100, or PC1100 meter, follow these steps to reset the password.

**1** Press the SET key and MODE key simultaneously for 5 seconds.

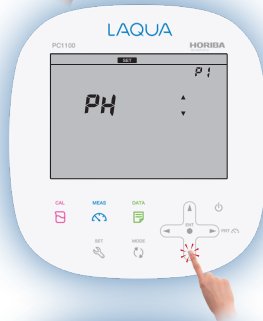

**2** Press ENT key.

**3** Press SET key.

**4** Press down arrow key until GEN appears on the screen.

**5** Press ENT key.

**6** Press down arrow key again until PASS appears on the screen.

**7** Press ENT key twice.

**8** Enter a new 4-digit password using the arrow keys: left/right arrows—to move to the left or right digit, up/down arrows—to increase or decrease the digit.

**9** Press ENT key to save the new 4-digit password.

**10** New password is set.
